

Objective

I am seeking a position within an organization as a web developer. My aim is to create better experiences for the user; making web applications and technology easier for the user by simplifying communication barriers and bridging the gap between users, designers, and developers.

Education

Certification: Web fundamentals, Python, Ruby, from Coding Dojo

Masters of Arts in Teaching (MAT, Texas Woman's University)

Masters of Arts in Drama (MA), Texas Woman's University

B.S., Speech, Kansas State University

Technical Skills

React JS
Redux
GraphQL
Apollo
Node JS
JavaScript
SQL
Agile
CSS
SASS
JQuery
Angular 2
Bootstrap 4
Ant Design
React Materialize
Python(Django)
Ruby on Rails
MSSQL
MySQL
Adobe Creative Suites

Awards / Activities

- Volunteer at "Big Design Conference 2017"
- Presenter Lone Star TIA (Technology in Action) conference

Experience

Rhino Fleet Tracking – Dec 2017 - present Designed the UI/UX for the admin area of application. Programed the admin area in React.js, Node.js, GraphQL and Redux. Worked on MSSQL database writing SQL stored procedures, assisted in migrating application and db to AWS. Worked in an agile team environment utilizing sprints with deliverable goods every two weeks.

IT Consultant - Nov 2017 – present - Assisted in obtaining jobs for a staffing company and obtaining employees for the same company.

Better Off Costumes - Oct 2017 – present **Lead Designer** for a team of three people to develop this app. As a team, we developed the framework for the backend using MySQL, React.js and GraphQL for the frontend and the UX/UI research and experience.

Hanna's Wish Inc. - May 2017 – Oct 2017. **End 2 End**, Participated in the user research. Integrated a donation system into the design according to the stakeholder's desires. Increased overall donations over 100%. Currently developing the mobile platform to take donations as reoccurring monthly pledges and to provide a location for donors to track children's progress.

Design / Technical Experience

- Web and App designer for non-profit: Hanna's Wish, Inc.
- System Administrator for Moodle Learning Management System for Denton ISD
- Certified System Administrator "Moodle" LMS
- Conducted Moodle workshops to train teachers

Collaborative Experience

- Supervised staffs of 2 - 7 people
- Coordinated with several departments to create an even work flow for several projects simultaneously.
- Worked with the community to develop several types of fundraising streams among businesses
- Regularly attend several Meetups including: React JS, GraphQL, BIGDOCC Tech/Startups, Dallas User Experience Group, App Dev's, UX/UI
